student

SUMMARY

I'm passionate about learning new skills and learning from others. I'm good at team work, creative and a quick learner. Also I have an advance english level in speaking , reading and writing.

WORK EXPERIENCE

I've been working in personal projects programming different ecommerce with Reactjs , HTML, CSS and Bootstrap for a responsive web design. I know how to communicate frontend with backend by API calls. I can create a server with Nodejs , Express, and MongoDB.

EDUCATION

Software engineering

Universidad Internacional de la
Rioja

2020- on course

Frontend - CoderHouse

2021
